

Pre-spaced boat I.D. Decal

These 3" registration numbers are custom made from High Performance 3 mil vinyl (7 year) and pre-spaced on transfer tape -- ready to apply! Forget the headache of trying to space and stick each individual number and letter. Each set of numbers measures about 24" in length. Registration numbers come as a set of two - one for each side of the boat. Standard lettering will be in Helvetica Bold font. If you want a different font please log onto www.thevinylnut.com and click on the boat lettering link. Please remember to choose a color that will be visible on your boat's hull. Check with your state agency for exact requirements.
